EXPERIENCE

Fresher

PROJECTS

- **Project A: [E-commerce Web Store]**   *Nov 2024*
  Tools: React, Node.js, vite, strapi, npm, yarn   [🎮]
  - Developed an **Add to Cart** feature, enabling users to easily add and manage items for purchase.
  - Integrated **Strapi** as the backend CMS, improving data management and reducing development time by 30%.
  - Created reusable and dynamic components, enhancing the modularity and maintainability of the codebase.
  - Applied **state management techniques** (e.g., React Context API or Redux) to streamline cart updates and inventory synchronization.

- **Project B: [Personal Portfolio]**   *Feb 2024*
  Tools: [HTML, CSS, Javascript & CodeEditor used: VisualStudio Code]   [🎮]
  - Designed an interactive **project showcase section**, enabling visitors to explore work experiences and accomplishments in an engaging way.
  - Integrated **responsive design principles** to ensure compatibility across devices, enhancing user experience.
  - Evaluated the **site's performance** using tools like Lighthouse, leading to optimized loading times and improved SEO.
  - Collaborated with peers and mentors to refine the portfolio's visual design and functionality, ensuring a professional presentation.

SKILLS

- **Programming Languages**: [Java , C++]
- **Technologies**: [Programming, Operating system, Web Development, Communication, Problem Solving]
- **Tools**: [React , Starpi, Bootstrap, MySQL, HTML, CSS, JAVASCRIPT]

CERTIFICATIONS

- **freecodecamp**, Responsive Web Design   *August 2024*
- **Issuing Organization 2**, Certification 2   *Month Year*

ACHIEVEMENTS

- 3 star coder at Leetcode
- Cleared Jee Mains

POSITIONS OF RESPONSIBILITY

- **Techniacal Lead,** YogaClub/ Cell, NITP   *July 2024*
